Are you coming up short?
Has life passed you by?
Get the short end of the stick?
No matter how hard you try?
You got to believe to receive
He will answer your call
Hang on! Press in!
He won't let you fall

No matter how bad
It could always get worse
So don't let Satan
Keep you under the curse!
You got to believe to receive
So dig in, turn some pages
Your answer will be given
By the true Rock of Ages

Don't like the answer?
Think God's off track?
The way up is down
So don't turn back!
You got to believe to receive
Just trust and obey
It's a tall order
But there's no other way

Can't take the pain?
Think the price is too high?
Close your eyes and imagine
Heaven's sweet by and by
You got to believe to receive
When your flesh cries "NO"!
The way to win is to die
The flesh must go!

When you feel like a failure
And life's crashing in
When you feel you're going under
Don't give in!
You got to believe to receive
There's no other way
People tell you different
Don't believe what they say

Tired of waiting?
Don't jump out of the fire
God is refining you
So don't get tired
You got to believe to receive
Don't give up quite yet
Jesus will help you
Look up, get set---Go!

Believe!
